To the Kindhearted Landowners of Montgomery County, Texas

Warmest Greetings,

We are "Bee the Future," a budding 501(c)(3) nonprofit devoted to lifting at-risk youth (ages 16-24) in Central Texas through beekeeping. Our passion is to nurture skills, hope, and the sweet promise of Texas honey while safeguarding pollinator health, and we stand at a hopeful turning point. As we pursue our \$250,000 funding dream, we sincerely ask for your generosity to offer 3-5 acres of land rent free, a vital haven for our 40 hive apiary where young lives will flourish.

With deep appreciation, we seek this gift of land to anchor our mission. In return, we offer these heartfelt gestures of thanks:

- Public Recognition: Your name or land's story will be honored on our website, @thefuturebee on X, and printed treasures, linking you to our growing family of supporters and young visionaries.
- Mutual Link Exchanges: We will share a reciprocal link to your site or tale on ours, blending our journeys to welcome visitors from both communities.
- Event Partnerships: Walk with us to host a honey tasting gathering or beekeeping class on your land, with 25% of proceeds returned to you, weaving community bonds as we grow.
- Social Media Shoutouts: We'll share warm thanks and spotlight your kindness on X, connecting you with our rising circle of followers who cherish this work.
- In Kind Promotion: Support our apiary's beginning, and your name or emblem will grace our honey jars or youth guides, making your gift a lasting legacy.

Your 3-5 acres rent free will be the heartbeat of our \$250,000 vision, allowing us to guide 30 youth yearly, harvest 1200-2000 pounds of honey, and enrich the Texas honey tradition. Your open heartedness will nourish our hive and cast a glow on your dedication to youth and nature's balance.

We reach out with hope and humility. Please connect with us at info@beethefuture.net or 512-633-7487 to explore how we might join hands. Together, let us sow a brighter tomorrow.

With profound gratitude,

Bee the Future
